Singapore Standards

Key electrical standards to:

- **Ensure Safety**
- **Facilitate compliance with regulatory requirements**
- **Improve quality and productivity**
- **Increase your business opportunities**

One of the most important changes to come to the electrical industry is the change in core colours for fixed wiring in electrical installations. The Amendment (Amd) to CP 5: 2008 Code of Practice for Electrical Installations was launched on 27 February 2009, with the new core colours bringing Singapore closely in line with international practices. This change in cable core colours will have a huge impact on the electrical industry. From 1st March 2011, Singapore will use cables that comply to the new colour code as set by the European Union (EU). Singapore has formally initiated the two years transition on 1st March 2009. The Amd to CP 5 also incorporates a new section on installation requirements for Solar Photovoltaic (PV) Power Supply Systems.

- | | |
|--|--|
| <p>1. CP 5 : 1998 Price \$113.00
Code of practice for electrical installations
Applies to the design, selection, erection, inspection and testing of electrical installations, other than those specifically excluded.</p> | |
| <p>2. AMD CP 5 : 2008 Special Price \$32.00
Usual Price \$40.00
Amendment No. 1 to CP 5 - Code of practice for electrical installations
Comprise a new Appendix 7 as well as a colour supplementary guide on the revised cable core colours and a new Section 612 Solar Photovoltaic (PV) Power Supply Systems.</p> | |
| <p>3 SS 146 – 1 : 2008 Price \$133.00
Specification for household and similar electrical appliances – Safety- General requirements
Deals with the safety of electrical appliances for household purposes with a rated voltage not exceeding 250 V for single-phase appliances and 480 V for other appliances.</p> | |
| <p>4. SS 531-1 : 2006 Price \$27.00
Code of practice for lighting of work places - Indoor
Provides guidance for illuminance, glare limitation and colour quality for general building areas, offices, types of industries, power stations, retailing, restaurants, hotels, places of entertainment, libraries, indoor car parks, educational buildings, health care premises, airports and places of worship.</p> | |
| | <p>5. SS 531-2 : 2008 Price \$34.00
Code of practice for lighting of work places - Outdoor
Specifies lighting requirements for outdoor work places which meet the needs for visual comfort and performance.</p> |
| | <p>6. SS 531-3 : 2008 Price \$21.00
Code of practice for lighting of work places – Lighting requirements for safety and security of outdoor work places
Specifies the lighting requirements which will contribute to the visual needs for safety and security of outdoor work places.</p> <p style="text-align: right;">* SS 531 Series – (Item 3, 4, 5) Special Price \$73.80
Usual Price \$82.00</p> |
| | <p>7. SS 538: 2008 Price \$60.00
Code of practice for maintenance of electrical equipment of electrical installations
Covers the maintenance of electrical equipment for voltages up to and including 22kV to enhance safe and proper operation of electrical installations with reduced risk of breakdown and the consequent interruption of supply.</p> |
| | <p>8. CP 88 – 1: 2001 Price \$34.00
Code of practice for temporary electrical installations - Construction and building
Deals principally with temporary electrical installations for building operation and work of engineering supply during the execution of new building construction; repair, alteration, extension or demolition of buildings; engineering construction; earthworks and other similar works.</p> |
| | <p>9. CP 88 – 2: 2001 Price \$34.00
Code of practice for temporary electrical installations - Festive lighting, trade-fairs, mini-fairs and exhibition sites
Specifies the minimum electrical installation requirements to facilitate the safe design, installation and operation of mobile and temporarily installed electrical machines and structures, which incorporate electrical equipment.</p> |
| | <p>10. CP 88 – 3 : 2004 Price \$34.00
Code of practice for temporary electrical installations - Shipbuilding and ship-repairing yards
Deals principally with the provision of temporary electricity supply from the shore fixed installations or from mobile generating sets to vessel(s) under construction and during repair and conversion work.</p> <p style="text-align: right;">* CP 88 Series – (Item 8, 9, 10) Special Price \$85.50
Usual Price \$95.00</p> |
| <p>* More Singapore Standards on Electrical and Electronic Standards are available on the Singapore Standards eShop : http://www.singaporestandardseshop.sg</p> <p>• All price quoted in Singapore Dollars only. Price subject to change and excludes GST.</p> | |
