SPRING Singapore has appointed SNP Corporation Ltd to manage the sale of the Singapore Standards and Technical References, as well as international and overseas standards that SPRING Singapore is permitted to sell within Singapore. As the National Standards Body, SPRING Singapore continues to facilitate the development, promotion and implementation of Singapore Standards.

Environmental Management Standards

Green Standards for Sustainable Development

Sales managed by

Enabling Enterprise

Responsible environmental management makes good business sense, and it makes good sense to base your approach on nationally and internationally respected standards. These standards help organisations to plan, monitor and continually improve their management of environmental issues and enhance their competitive position.

Singapore Standards

1. **SS ISO 14001 : 2004** Price \$34.00
Environmental management systems - Requirement with guidance for use
Specifies requirements for an environmental management system to enable an organisation to develop and implement a policy and objectives which take into account legal requirements and other requirements to which the organisation subscribes, and information about significant environmental aspects.
