## Singapore Standards

**These Safety Standards and Code of Practices will help ensure a safe and healthy workplace, facilitate trade and also safeguard Singapore's interests in this area.**

- 1. SS 537-1 : 2008** Code of practice for the safe use of machinery – General requirements **Price \$87.00**  
Provides comprehensive guidelines on the methods for safeguarding the dangerous parts of machinery and enhancing safety in the use of machinery. Also provides basic requirements on the design and manufacture of machinery so as to ensure that machinery used in Singapore incorporates basic safety features. Also includes guidelines on the safety and health issues relating to the installation, testing, maintenance and servicing of machinery. Covers only mechanical hazards.
- 2. SS 536 : 2008** Code of practice for the safe use of mobile cranes **Price \$73.00**  
Provides information on the construction, application, operation, maintenance and testing of mobile cranes for their safe use. Covers land-based fully-mobile cranes which include rope suspended boom and hydraulic boom types of cranes. Excludes lorry loaders
- 3. SS 98 : 2005** Industrial safety helmets **Price \$34.00**  
Specifies physical and performance requirements, methods of test and marking requirements for industrial safety helmets which are intended primarily to provide protection to the wearer against falling objects and consequential brain injury and skull fracture.
- 4. SS 510 : 2005** Code of practice on safety in welding and cutting (and other operations involving the use of heat) **Price \$54.00**  
Covers the safety practices to protect persons from injury and illness, and properties (including equipment) from damage by fire and other causes arising from welding and cutting equipment, its installation, operation and maintenance.
- 5. SS 508-1 : 2004** Graphical symbols – Safety colours and safety signs - Designs principles for safety signs in workplace and public areas **Price \$27.00**  
Applies to workplaces and all locations and all sectors where safety-related questions may be posed. Does not apply to the signalling used for guiding rail, road, river, maritime and air traffic. Establishes the safety identification colours and design principles for safety signs to be used in workplaces and in public areas for the purpose of accident prevention, fire protection, health hazard information and emergency evacuation
- 6. SS 508-3 : 2004** Graphical symbols – Safety colours and safety signs – Safety signs used in workplaces and public areas **Price \$40.00**  
Prescribes safety signs for the purposes of accident prevention, fire protection, health hazard information and emergency evacuation.

**SS 508 Series - Price \$60.30 Save \$6.70**

- 7. SS 506-3 : 2006** Occupational safety and health (OSH) management system – Requirements for the chemical industry **Price \$34.00**  
Enables the organisation to set-up, implement, maintain and improve its management system so as to control its OSH risks and improve its performance.
  - 8. CP 101 : 2004** Code of practice for safe use of powered counterbalanced forklifts **Price \$27.00**  
Specifies the safety requirements for the manufacture, application, operation and maintenance of powered counterbalance forklifts.
  - 9. CP 27 : 1999** Code of practice for factory layout – Safety, health and welfare considerations **Price \$40.00**  
Provides guidelines on safety, health and welfare to be taken into consideration when planning factory layout.
  - 10. SS 473-1 : 1999** Personal eye-protectors –General requirements **Price \$54.00**  
Specifies functional requirements for the various types of personal eye-protectors used mainly in industries.
  - 11. SS 473-2 : 1999** Personal eye-protectors –Selection, use and maintenance **Price \$34.00**  
Includes eye-protection in relation to the following hazards individually or in combinations: a) Mechanical and chemical hazards; b) Non-ionizing optical radiation hazards; c) Combinations of the above.
- SS 473 Series - Price \$79.20 Save \$8.80**
- 12. CP 74 : 1998** Code of practice for selection, use and maintenance of respiratory protective devices **Price \$47.00**  
Covers the use of respirators to protect against the inhalation of contaminants and against oxygen-deficient atmospheres in the workplace.
