

**Code of practice for safety management system
for construction worksites**

AMENDMENT NO. 1

June 2010

1. Page 9, 2.6 Statutory requirements on safe work practices

Replace the entire clause with:

The occupier shall establish and maintain a list of all relevant statutory requirements.

Relevant Singapore Standards shall be adopted. In the absence of a Singapore Standard, British Standards or other internationally recognised standards shall be adopted.

Work procedures or instructions that are statutory requirements shall conform to the conditions of the said requirements in content, format and authorisations.
