

Specification for wheat flour (white)

AMENDMENT NO. 3

November 2013

1. Page 6, Clause 6 Marking

Add item 'e) batch number'.

2. Page 7, A.2. Preparation of a test sample

Insert the following text as the first paragraph:

Mix thoroughly the material from all the packages collected in order to form a composite sample representing a lot. The composite sample shall be divided into equal reduced samples which shall be the test samples and its quantity shall not be less than 500 g.
