

**Specification for clean and green urban farms – Agriculture**

**AMENDMENT NO. 1**

August 2022

**1. Page 8, Normative references**

a) *Replace* “SS 585 Cold chain management of vegetables” with the following:

SS 668 : Part 3            Cold chain management of chilled and frozen foods  
– Part 3 : Code of practice for vegetables and fruits

b) *Delete* footnote 1.

**2. Page 17, Subclause 7.3.7**

*Replace* the text after Formula (1) with the following:

where:  $V_{\text{Total}}$  is the total volume of water supplied (including water from alternative sources and water supplied by the national water agency) for crop production activities (excluding postharvest activities and water used in cooling towers) in a period determined by the farm.

$W_{\text{marketable}}$  is the weight of marketable production in the same period.

Water used in cooling towers shall be recorded separately, where applicable.
