SINGAPORE STANDARD
SPECIFICATION FOR WHOLEMEAL FLOUR

FOREWORD

This Singapore Standard was drawn up by the Technical Committee on Specifications for Flour under the direction of the Food Product Standards Committee.

In preparing this standard, reference was made to the following publications:

1. Malaysian Standard 85 : 1973 Wheat Flour
2. Approved Methods of the American Association of Cereal Chemists (1969)
3. Official Methods of Analysis of the Association of Official Analytical Chemists, 15th Edition, 1990
4. The Singapore Food Regulations, 1988

Acknowledgement is made for the use of information from the above references.

Attention is drawn to the possibility that some of the elements of this Singapore Standard may be the subject of patent rights. Enterprise Singapore shall not be held responsible for identifying any or all of such patent rights.

NOTE

1. *Singapore Standards (SSs) and Technical References (TRs) are reviewed periodically to keep abreast of technical changes, technological developments and industry practices. The changes are documented through the issue of either amendments or revisions.*
2. *An SS or TR is voluntary in nature except when it is made mandatory by a regulatory authority. It can also be cited in contracts making its application a business necessity. Users are advised to assess and determine whether the SS or TR is suitable for their intended use or purpose. If required, they should refer to the relevant professionals or experts for advice on the use of the document. Enterprise Singapore shall not be liable for any damages whether directly or indirectly suffered by anyone or any organisation as a result of the use of any SS or TR.*
3. *Compliance with a SS or TR does not exempt users from any legal obligations.*
