

**Suitability of non-metallic materials and products for use in contact with water intended for human consumption with regard to their effect on the quality of the water
– Part 2:2:1: Methods of test – Odour and flavour of water – General method of test**

AMENDMENT NO. 1

March 2024

1. Main title of standard

Add “materials” to the main title of SS 375 as shown below, wherever it appears in the standard:

Suitability of non-metallic materials and products for use in contact with water intended for human consumption with regard to their effect on the quality of the water

2. Page 18, 12.2, Paragraph 1

Add to end of the sentence “...the cold water test results obtained using extracts prepared at (23 ±2) °C.”
